EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The title is changed to the following:

AN APPARATUS FOR INTERROGATING AN ADDRESSABLE ARRAY

STATUS OF THE CLAIMS

This action is in response to papers filed 9 November 2006 in which claim 32 was amended and claims 38, 43-54 and 56-59 were canceled. The limitations of Claim 59 have been added to Claim 32. In the Final Office Action, Claim 59 was identified as containing allowable subject matter.

It is noted that Claims 60 and 61 were amended in After-Final Papers filed 18 September 2006. The amendments were not entered as detailed in the Advisory Action of 12 October. The claim listing submitted 9 November 2006 contains the un-entered amendments for Claims 60 and 61. To clarify the record, the amendments to Claims 60-61 submitted 18 September 2006 are now entered.

The previous rejections in the Office Action dated 20 July 2006 are withdrawn in view of the amendments. The amendments place the pending claims in condition for allowance.

Claims 32-33, 36-37, 55 and 60-61 are in condition for allowance.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The claims have been amended to define the apparatus as having a detector system able to determine the positions for receiving constructive interference. The determination requires structural movement, apparatus configuration and interaction of components e.g. detectors, transporters and processors. The prior art does not teach or reasonably suggest the apparatus as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Claims 32-33, 36-37, 55 and 60-61 are allowed.
